Every Child has  
Potential and needs  
Support to achieve it.

## About Us

**The Global Center for Gifted and Talented Children** offers a broad spectrum of services for gifted children, parents and specialists involved in Gifted Education.

We believe that every young person has an entitlement to highest quality education provision to equip them with skills and knowledge necessary to become effective global citizens in the 21st century.

Our daily work includes psychological and pedagogical consultancy, diagnosis and coaching.

We specialise in teacher training and can organise workshops, Projects and lectures to meet your school's needs in gifted education.

If you are interested in a special program for your school, group or club please do not hesitate to contact us!

The Global Centre for Gifted and Talented children is the right place for Gifted and highly Gifted Children as well as their families and all persons, who are involved in Gifted Education.

Our mission is to help Gifted and Talented Children succeed in school as well as in life. We discover what a child is good at and then build on their own interests.

## Services

- **Consulting**  
We offer consulting for gifted children (age 3 - 18) and their families.
- **Coaching**  
In some situations esp. problems at school, counseling is often not enough. With our solution oriented coaching we teach children to find solutions.
- **Diagnostic**  
We test the IQ and Creativity of your Child using modern and scientific methods while taking care of their emotional needs.
- **Lectures**  
We offer lectures on various topics around giftedness for all audiences.
- **Projects**  
Together with other institutions from around the world we are working on several Projects.
- **Teacher Training**  
We are offering teacher training according to individual needs of the school over several days. This can be either at our center, your location, or virtual.
- **Workshops**  
Our workshops cover specific topics, but can always be adapted to the individual needs of the group. This can be either at our center, your location, or virtual..
